Kiss & Tell

Hey, Hey, Hey

When you walk, you don't leave tracks
When you talk, they don't talk back
Believe in every word you say
But they don't know, they don't don't know

Secrets that you just can't keep
Promises that you made me
You twisted it to suit yourself
But now I know, I know, I know

Ooooooh
Everything that I told you
Ooooooh
You just smile and then you

Kiss and tell everything I say
Stuck inside your little web
Everybody wants to know, yeah
Lips that lie, caught in your trap
Sold me out and you just laugh
Tell me were friends until the end, yeah
But you don't mean it, don't mean it
You don't mean it, you don't mean it, no

I wish that I could take it back
You want it all but you can't have that
People falling at your feet
But they don't know, they don't don't know

You're gonna figure out real soon
The dirty deeds will catch up to you
It's crumbling beneath your feet
But you don't know, you don't don't know

Ooooooh
Everything that I told you
Ooooooh
You just smile and then you

Kiss and tell everything I say
Stuck inside your little web
Everybody wants to know, yeah
Lips that lie, caught in your trap
Sold me out and you just laugh
Tell me were friends until the end, yeah
But you don't mean it, don't mean it
You don't mean it, you don't mean it, no

Ooooooh
Everything that I told you
Ooooooh
Everything that I told you
Ooooooh
You just smile and then you

Kiss and tell everything I say
Stuck inside your little web
Everybody wants to know, yeah
Lips that lie, caught in your trap
Sold me out and you just laugh
Tell me were friends until the end, yeah
But you...

Kiss and tell everything I say
Stuck inside your little web
Everybody wants to know, yeah
Lips that lie, caught in your trap
Sold me out and you just laugh
Tell me were friends until the end, yeah
But you don't mean it, don't mean it
You don't mean it, you don't mean it, no

Don't mean it, don't mean it
You don't mean it, you don't mean it, no.

I Won't Apologize

You had me to get her.
And here, I thought it was me.
I was changin', arrangin' my life to fit your lies.
It's all said and all done.
I gave it all for the long run.
Can she say the same thing?
I guess this is good bye and good luck.
(I can't be what you want me to be.)

(Chorus)
I'm sorry for changing.
I'm sorry it had to be this way.
Believe me, it's easier just to pretend.
But, I won't apologize for who I am.

No, no.

Remember the time when you said you were out with your
best friend.
But it wasn't the best friend that you know I thought
you meant and
I used to assented, I didn't know I could be free.
But I am, and I won't go back 'cause you so don't
deserve me.
(I don't even want to be her.)

(Chorus)
I'm sorry for changing.
I'm sorry it had to be this way.
Believe me, it's easier just to pretend.
But, I won't apologize for who I am.

I thank you for this hopeless war
Cause through the pain now I'm stronger now than
before.
Now I'm more.
I don't need you anymore.
I'm sorry.
(Listen close I won't say this again.)

(Chorus)
I'm sorry for changing.
I'm sorry it had to be this way.
Believe me, it's easier just to pretend.
But, I won't apologize for who I am.

I'm sorry for changing.
I'm sorry it isn't like it was.
Believe me, it's easier just to pretend.
But, I won't apologize,

Why should I apologize,
No, I won't apologize for who I am.

Falling Down

Uh, oh oh, oh

You walk and talk
Like you're some new sensation
You move in circles
You don't need an invitation
You spend your money
You can't get no satisfaction
You play it right so you can get the right reaction

(Pre-Chorus)

It won't be long my darling
Pick up the phone
Nobody's on it
Where are your friends now baby
How are the ones supposed to be there for

(Chorus)

You (you)
When you're falling down
The world starts spinning out
You (you)
When you're falling down
Now it's not all about
You (you)
When you're falling down
You know I'll be around
When you're falling down, falling down

(whisper): You're falling down, down, down, you're falling down.

Verse Two

What's out of place when you look into the mirror?
The truth is blurry but the lies are getting clearer
Your eyes are fixed, your smile is so elastic
You gave me roses but they're all just made of plastic

(Pre-Chorus)

It won't be long my darling
Pick up the phone
Nobody's on it
Where are your friends now baby
How are the ones supposed to be there for

(Chorus)

You (you)
When you're falling down
The world starts spinning out
You (you)
When you're falling down

Now it's not all about
You (you)
When you're falling down
You know I'll be around
When you're falling down, falling down

(Bridge)

Smile for the camera, everybody's looking at ya
Smile for the camera, cause they're all about to trash ya
Smile for the camera, camera, camera, smile for the camera
Who's gonna catch ya?

You (you)

(Chorus)

You (you)
When you're falling down
The world starts spinning out
You (you)
When you're falling down
Now it's not all about
You (you)
When you're falling down
You know I'll be around
When you're falling down, falling down

Smile for the camera,
Everybody's looking at ya.
Smile for the camera
'Cause they're all about to trash ya.

I Promise You

I know
That my love for
You is real
It's somethin' true
That we do
Just somethin' natural
That I feel
When you walk in the room
When you're near
I feel my heart skips a beat
The whole world disappears
And there's just you and me
Falling head over feet
Let's take a chance, together

(Chorus)

I know, I know, I know, I know,
We're gonna make it
'Cause no one else can
Make me feel the way that you do
I promise you
I know, I know, I know, I know,
We're gonna get there
Today, tomorrow,
And forever we will stay true
I Promise you

They say,
That we're just too young to know,
But I'm sure heart and soul
That I'm never letting you go
When it's right, it's right
And this is it
'Cause I'm walking on air
Every single time that we kiss
You make the angels sing
You give that silver rings
You make everything better

(Chorus)

I know, I know, I know, I know,
We're gonna make it
'Cause no one else can
Make me feel the way that you do
I promise you
I know, I know, I know, I know,
We're gonna get there
Today, tomorrow,
And forever we will stay true
I Promise you

I'll never let you down
I'll always hear you out
There is nothing you can mount,
Come and fight
You listen when I speak
You make my knees go weak
And I just want you by side

(Chorus)

I know, I know, I know, I know,
We're gonna make it
'Cause no one else can
Make me feel the way that you do
I promise you
I know, I know, I know, I know,
We're gonna get there
Today, tomorrow,
And forever we will stay true
I Promise you

We're gonna make
I promise you, yeah, yeah, yeah
I promise you
I promise you
I promise you

Crush

I guess I should've known
It wasn't gonna end okay,
You're such a trouble maker
But I like you just that way.

A bomb tick ticking with me
The one I'd best to blame
Just like I can't tell
And I'm ready to blow
I sat around a lot and thought
About the world without you
And no matter what you think,
Everything is not about you
You think I'm still hung up on you
But baby it's not true

Now look at me
Your memories're turning to dust
There's only one explanation
I wasn't really in love
(I wasn't really in love)
It was just a crush
It was just a crush
Sparks fly when we touch
It was never enough
It was just a crush
It was just a crush
Yeah

You found one the things you need
There's nothing left to lose
The things I never wanna be
I owe it all to you
You just can't help yourself
It's what you do
'Cause this is real life
Not your show

Now look at me
The memories turn to dust
There's only one explanation
I wasn't really in love
(I wasn't really in love)
It was just a crush
It was just a crush
Sparks fly when we touched
It was never enough
It was just a crush
It was just a crush
Yeah,

You'll be fine,
Just find another girl
To kick around
Won't be long
Until they all know what
I figured out

Now look at me
Memories turn to dust
There's only one explanation
I wasn't really in love
(I wasn't really in love)
It was just a crush
(It just was a crush)
Sparks fly when we touched
It was never enough
It was just a crush
It was just a crush (It was just a crush)
Yeah
(It was just a crush)
It was just a crush
Yeah.

Naturally

How you choose to express yourself
It's all your own and I can tell
It comes naturally, it comes naturally

You follow what you feel inside
It's intuitive, you don't have to try
It comes naturally, mmmm it comes naturally

And it takes my breath away
What you do, so naturally

You are the thunder and I am the lightning
And I love the way you know who you are
And to me it's exciting
When you know it's meant to be
Everything comes naturally, it comes naturally
When you're with me, baby

Everything comes naturally, it comes naturally
Bay bay baby

You have a way of moving me
A force of nature, your energy
It comes naturally (You know it does)
It comes naturally
Mmmm yeah

And it takes my breath away (Everytime)
What you do, so naturally

You are the thunder and I am the lightning
And I love the way you know who you are
And to me it's exciting
When you know it's meant to be
Everything comes naturally, it comes naturally
When you're with me, baby

Everything comes naturally, it comes naturally
Bay bay baby

When we collide, sparks fly
When you look in my eyes, it takes my breath away

You are the thunder and I am the lightning
And I love the way you know who you are
And to me it's exciting
When you know it's meant to be
Everything comes naturally, it comes naturally
When you're with me, baby

Everything comes naturally, it comes naturally
Bay bay baby

(Naturally)
Naturally x5
Bay bay baby

(Naturally)
Naturally x5
Everything baby comes naturally

The Way I Loved You

Everything's cool, yeah
It's all gonna be okay, yeah
And I know,
Maybe I'll leave and
Laugh about it someday

But not today, no
Cause I don't feel so good
I'm tangled up inside
My heart is on my sleeve
Tomorrow is a mystery to me

(Chorus)
And it might be wonderful
It might be magical
It might be everything I've waited for,
A miracle
Oh, but even if I fall in love again
With someone else
It could never be the way I loved you

Letting you go is
Making me feel so cold, yeah
And I've been trying to make
Believe it doesn't hurt

But that makes it worse, yeah
See, I'm a wreck inside
My tongue is tied and my
Whole body feels so weak
The future may be all I really need

(Chorus)
And it might be wonderful, yeah
It might be magical, uh oh
It might be everything I've waited for,
A miracle
Oh, but even if I fall in love again
With someone else
It could never be the way I loved you

Like a first love,
The one and only true love
Wasn't it written all over my face, yeah
I loved you like you loved me (oh)
Like something pure and holy
Like something that can never be replaced

And it was be wonderful,
It was magical,
It was everything I've waited for,
A miracle
And if I should ever fall in love again
With someone new
Oh, It could never be the way
No, It will never be the way
I loved you.

Stars are crashing in the sky
Burning just for you and I

Nothing is going to bring us down
Show them what we're all about

All the way, one hundred one percent touch down
We're gonna kill it, leave the pack on
Take this town

Let's go, whatchya wanna wait for?
Let's take everything we ask for
Come on and turn it up
Let's tell the world we want

You'd be mine and I will be yours
Come on and let it play
Let me hear you say

Take my hand and pull me closer
Whisper nothings in my ear
Until the walls just disappear

As A Blonde

I was looking in the mirror, trying to find, a new reflection.
Wanna take the road, less traveled in, a different direction.
Make some new mistakes, forget the ones I made.
Cry some tears of joy, and dress more like a boy.

(Chorus)

And come back as a blond, try a different lipstick on, as a blond, will I get whatever I want?
I'd be ever so incising, take a lot of icing, never have to watch my weight.
Yeah when I'm gone, I'm gonna come back as a blond.

I wanna I meet myself, as someone else, just to see what it feels like.
Take a walk, on the other side, cause you know that I just might.
Break some different hearts, finish what I start.
I'm not gonna wait, to mess around with fate.

(Chorus)

And come back as a blond, try a different lipstick on, as a blond, will I get whatever I want?
I'd be ever so incising, take a lot of icing, never have to watch my weight.
Oh, when I'm gone, I'm gonna come back as a...

(Bridge)

I'm tainted, I'm tired, of being the same, yeah.
I'm desperate, I'm bored, I'm begging for change.
What if you're normal and wanna be strange?
Come back, come back, come back.
I wanna Come back, come back, come back...

(Chorus)

As a blond, try a different lipstick on, as a blond, will I get whatever I want?
I'd be ever so incising, take a lot of icing, never have to watch my weight.
Oh... when I'm gone, I'm gonna come back as a blond.
Wave my magic wand, as a blond, will I get whatever I want?
I'd be ever so incising, take a lot of icing, never need to wash my face.
Yeah when I'm gone, I'm gonna...
Come back, come back, come back. (I'm gonna come back)
Come back, come back, come back. (I'm gonna come back)
Come back, come back, come back.
As a blond.

I Don't Miss You At All

It doesn't hurt
But when I think of you
And all the things we'll
Never get to do
I don't dream at night about the way we were
I tore out the pictures, cross out all the words

Don't be fooled by all my tears,
Cause everything is fine
And you can pick up all the pieces
That you left behind

(Chorus)
Cause I never think about you
I'm better off without you
I don't miss you at all
I don't miss you at all
You don't spin around in my head
It's like you never existed
And I hope you don't call
I don't miss you at all
And I'm not trying to fight it
No, I'm not trying to fight it
So you can cross my name right
Off the wall
I don't miss you at all

I go out seven nights a week
It feels so good to finally be free
And I party like I never did before
Oh, what in the world was I waiting for?
Everything is perfect now
Without you in my life
You could pick up all the pieces
That you left behind

(Chorus)

Cause I never think about you
I'm better off without you
I don't miss you at all
I don't miss you at all
You don't spin around in my head
It's like you never existed
And I hope you don't call
I don't miss you at all
And I'm not trying to fight it
No, I'm not trying to fight it
So you can cross my name right
Off the wall
I don't miss you at all
I don't miss you at all

I'll just tell myself
You'll forgive the past
No time for regrets
No more looking back
I'll forgive you more
Every single day
Every step I take
Is getting better

(Chorus)

Cause I never think about you
I'm better off without you
I don't miss you at all
I don't miss you at all
You don't spin around in my head
It's like you never existed
And I hope you don't call
I don't miss you at all
And I'm not trying to fight it
No, I'm not trying to fight it
So you can cross my name right
Off the wall
I don't miss you at all
I don't miss you
I don't miss you

Stop Erase

You think you know me so well
You put me down to build you up
You're kicking me around
You just can't get enough

And all your friends
Surround you
Without them by your side,
You start to show your weakness
It's something you can't hide

Yeah yeah!

(Chorus)

Well, stop and erase
Cause I'm gonna wipe that smile
Off your know it all face
Laugh while you can
Yeah live it up
And read my lips,
The the joke is on you
I figured it out
You're all about walking tall
On the people you knock down
Well, stop and erase
Cause I'm gonna wipe that smile
Off your know it all face

I'm waking up,
I'm feeling
What I was scared to feel before
I got my eyes wide open
Won't take it anymore
All the lies and teasin'
Yes I could never be that cool
You had them all believin'
But now that's through

Yeah yeah!

(Chorus)

Well, stop and erase
Cause I'm gonna wipe that smile
Off your know it all face
Laugh while you can
Yeah live it up
And read my lips,
The the joke is on you
I figured it out
You're all about walking tall
On the people you knock down
Well, stop and erase
Cause I'm gonna wipe that smile
Off your know it all face

Count down,
The tables have turned
Better wise up,
You got a lot to learn
Cause you're alone now

(Chorus)

Well, stop and erase
Cause I'm gonna wipe that smile
Off your know it all face
Laugh while you can
Yeah live it up
And read my lips,
The the joke is on you
I figured it out
You're all about walking tall
On the people you knock down
Well, stop and erase
Cause I'm gonna wipe that smile
Off your know it all face

(Chorus)

Well, stop and erase
Cause I'm gonna wipe that smile
Off your know it all face
Laugh while you can
Yeah live it up
And read my lips,
The the joke is on you
I figured it out
You're all about walking tall
On the people you knock down
Well, stop and erase
Cause I'm gonna wipe that smile
Off your know it all face

I Got U

I picked you out of in a crowd
Of a thousand faces
Yeah, I found you, oo, oo, oo
I chose the whys and the whens
All around and places
Yeah, I chose you, oo, oo, oo

I let you see me
Let you believe it was your move
So smooth, my rules

(Chorus)
Well, you think you are the one
Who got me, boy
No, I got U
I've been playing with you
Like a little toy
Yeah, I got U
I got U
I got U

You'd be surprised all the
Times that I almost told you
But I stayed cool, ohhh
I almost broke, but
I knew I would get to hold you
Cause I'm no fool, ohhh

You came back to me
And did the very thing I knew
That you'd do, oh oo oh

(Chorus)
Well, you think you are the one
Who got me, boy
No, I got U
I've been playing with you
Like a little toy
Yeah, I got U
I got U

You gave me all control
(I got U)
I took your heart and soul
(I got U)
For me, I'm gonna roll
I got U, you, you, ooo

(I got U, ohh yeah)
(I got U, and I love it)
(I got U)
(Yeah, I got U)
(I got U, and I love it)
(I got U)
(Yeah, I got U)

(Chorus)
Well, you think you are the one
Who got me, boy
No, I got U
I've been playing with you
Like a little toy
Yeah, I got U
I got U

(I got U, and I love it)
(I got U)
(Yeah, I got U)
(I got U, and I love it)
(I got U)
(Yeah, I got U)

Tell Me Something I Don't Know

Everybody tells me that it's so hard to make it
It's so hard to break it
And there's no way to fake it
Everybody tells me that it's wrong what I'm feeling
I shouldn't believe in
The dreams that I'm dreaming
I hear it everyday,
I hear it all the time,
I'm never gonna amount to much
But they're never gonna change my mind
OH!

Tell me, Tell me, Tell Me
Something I don't know x3
Tell me, tell me, tell me
Something I don't know x3

How many inches in a mile
what it takes to make you smile
getcha' not to treat me like a child, baby

Tell me, tell me, Tell me
Something I don't know something x3

Tell me, Tell me
Something I don't know
Tell me, Tell me
Something I don't know

Everybody tells me
I Don't know what I'm doing
this life I'm pursuing
the odds I'll be losing
Everybody tells me that
It's one in a million
like one in a billion,
one in a zillion
I hear it everyday,
I hear it all the time,
I'm never gonna amount to much
But they're never gonna change my mind
OH!

Tell me, tell me, Tell me
Something I don't know x3
Tell me, tell me, Tell me
Something I don't know x3

How many inches in a mile
what it take to make you smile
get yo not to treat me like a child, baby

Tell me, Tell me, Tell me
Something I don't know x3
so here's the track
like Catrina make wait like a Medina
make em' say I'm ready
Are you ready for it?
Yeah I'm ready for it!
Are you ready for it?
Yeah I'm ready for it
Let's get ready for it

I'm on my way I know
I'm gonna get there someday
It doesn't help, when you say
It won't be easy!

Tell me, tell me, Tell me
Something I don't know x3
Tell me, tell me, Tell me
Something I don't know x3

How many inches in a mile
what it take to make you smile
get you not to treat me like a child, baby

Tell me, Tell me, Tell me
Something I don't know x3
Tell me, Tell me, Tell me
Something I don't know x3

Tell me, Tell me, Tell me
Something I don't know x3
